## REGULATORY IMPACT ANALYSIS AND TIERING STATEMENT

Administrative Regulation #: 907 KAR 20:015

Cabinet for Health and Family Services

Department for Medicaid Services

Agency Contact Person: Marchetta Carmicle (502) 564-6204 or Stuart Owen (502) 564-4321

- (1) Provide a brief summary of:
  - (a) What this administrative regulation does: This administrative regulation establishes Medicaid program provisions regarding applying for Medicaid benefits except for individuals for whom a modified adjusted gross income is the Medicaid eligibility income standard.
  - (b) The necessity of this administrative regulation: This administrative regulation is necessary to establish Medicaid program provisions regarding applying for Medicaid benefits except for individuals for whom a modified adjusted gross income is the Medicaid eligibility income standard.
  - (c) How this administrative regulation conforms to the content of the authorizing statutes: This administrative regulation conforms to the content of authorizing statutes by establishing Medicaid program provisions regarding applying for Medicaid benefits except for individuals for whom a modified adjusted gross income is the Medicaid eligibility income standard.
  - (d) How this administrative regulation currently assists or will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the authorizing statutes by establishing Medicaid program provisions regarding applying for Medicaid benefits except for individuals for whom a modified adjusted gross income is the Medicaid eligibility income standard.
- (2) If this is an amendment to an existing administrative regulation, provide a brief summary of:
  - (a) How the amendment will change this existing administrative regulation: The amendment replaces the reference to an obsolete agency (Department for Social Insurance) with the current agency (Department for Community Based Services); establishes that the provisions regarding applying for Medicaid benefits do not apply to individuals for whom a modified adjusted gross income is the Medicaid income eligibility standard or to individuals between the ages of nineteen (19) and twenty-six (26) who formerly were in foster care but aged out of foster care while receiving Medicaid benefits at the time; deletes the definitions; deletes the incorporated material; and contains language and formatting revisions to comply with KRS Chapter 13A requirements. Individuals for whom a MAGI is the Medicaid income eligibility standard are children under nineteen (19) – except for children in foster care; caretaker relatives with income up to 133 percent of the federal poverty level; pregnant women [including through day sixty (60) of the postpartum period] with income up to

185 percent of the federal poverty level; adults under sixty-five (65) with no child under nineteen (19) who do not otherwise qualify for Medicaid and whose income is below 133 percent of the federal poverty level; and targeted low-income children with income up to 150 percent of the federal poverty level.

- (b) The necessity of the amendment to this administrative regulation: The amendment replacing the agency title Department of Social Insurance with Department for Community Based Services is necessary to correct an obsolete reference; the amendments that establish that the provisions do not apply to individuals for whom a modified adjusted gross income is the Medicaid eligibility income standard or to former foster care individuals are necessary to comply with an Affordable Care Act mandate; removing the definitions is necessary as the Department for Medicaid Services (DMS) is creating a definitions administrative regulation for Chapter 20 – the new chapter which will house Medicaid eligibility administrative regulations; deleting the incorporated material is necessary as DMS does not utilize the incorporated material; and language and formatting revisions are necessary to comply with KRS Chapter 13A standards.
  - (c) How the amendment conforms to the content of the authorizing statutes: The amendment conforms to the content of the authorizing statutes by complying with a federal mandate and by complying KRS Chapter 13A standards.
  - (d) How the amendment will assist in the effective administration of the statutes: This administrative regulation assists in the effective administration of the authorizing statutes by complying with a federal mandate and by complying KRS Chapter 13A standards.
- (3) List the type and number of individuals, businesses, organizations, or state and local government affected by this administrative regulation: Individuals whose Medicaid income eligibility standard is a modified adjusted gross income will be affected by the amendment as they are exempted from the requirements in this administrative regulation. The Department for Medicaid Services (DMS) estimates that the affected group will encompass 678,000 individuals in state fiscal year (SFY) 2014. Additionally, the requirements do not apply to former foster care individuals who aged out foster care while receiving Medicaid benefits at the time. DMS estimates that this group will include 3,358 individuals.
- (4) Provide an analysis of how the entities identified in question (3) will be impacted by either the implementation of this administrative regulation, if new, or by the change, if it is an amendment, including:
- (a) List the actions that each of the regulated entities identified in question (3) will have to take to comply with this administrative regulation or amendment: A recipient who wishes to appeal a Medicaid service denial shall comply with the appeal provisions established in this administrative regulation.
  - (b) In complying with this administrative regulation or amendment, how much will it cost each of the entities identified in question (3): No cost is imposed by the amendment.

- (c) As a result of compliance, what benefits will accrue to the entities identified in question (3): Individuals who are exempted from the requirements will benefit from not being subject to the requirements for Medicaid eligibility purposes.
- (5) Provide an estimate of how much it will cost to implement this administrative regulation:
- (a) Initially: DMS anticipates no cost as a result of exempting the individuals for whom a modified adjusted gross income is the Medicaid eligibility standard from the Medicaid application provisions of this administrative regulation as some related requirements and provisions (established in another administrative regulation) will apply to this population. Those requirements are being established in a new administrative regulation – 907 KAR 20:100, Modified adjusted gross income (MAGI) Medicaid eligibility standards. DMS projects a cost of \$ as a result of exempting former foster care individuals from the requirements in this administrative regulation; however, the Department for Community Based Services (DCBS) has been purchasing health insurance for 700 of those individuals at an annual cost of \$1 million. Covering those individuals through the Medicaid program, as mandated by federal law, will procure federal matching funds at a seventy (70) percent match rate for those individuals' health care.
- (b) On a continuing basis: The answer provided in paragraph (a) also applies here.
- (6) What is the source of the funding to be used for the implementation and enforcement of this administrative regulation: Sources of funding to be used for the implementation and enforcement of this administrative regulation are federal funds authorized under Title XIX of the Social Security Act and state matching funds of general and agency appropriations.
- (7) Provide an assessment of whether an increase in fees or funding will be necessary to implement this administrative regulation, if new, or by the change if it is an amendment: Neither an increase in fees nor funding is necessary to implement the amendment.
- (8) State whether or not this administrative regulation establishes any fees or directly or indirectly increases any fees: The amendment neither establishes nor increases any fees.
- (9) Tiering: Is tiering applied? (Explain why tiering was or was not used) Tiering is only applied in that the provisions do not apply to individuals for whom a modified adjusted gross income is the Medicaid eligibility income standard or former foster care individuals as the Affordable Care Act prohibits this.

DMS does not expect the amendment to this administrative regulation to generate revenue for state or local government.

## FEDERAL MANDATE ANALYSIS COMPARISON

Regulation Number: 907 KAR 20:015

Agency Contact Person: Marchetta Carmicle (502) 564-6204 or Stuart Owen (502) 564-4321

1. Federal statute or regulation constituting the federal mandate. 42 C.F.R. 435.906, 42 C.F.R. 435.908, Section 1413 of the Affordable Care Act, 42 U.S.C. 1396w-3(b)(3), and 42 U.S.C. 1396a(a)(10)(A)(i)(IX).
2. State compliance standards. KRS 205.520(3) authorizes the cabinet, by administrative regulation, to comply with a requirement that may be imposed or opportunity presented by federal law for the provision of medical assistance to Kentucky's indigent citizenry.

KRS 194A.050(1) requires the cabinet secretary to "formulate, promote, establish, and execute policies, plans, and programs and shall adopt, administer, and enforce throughout the Commonwealth all applicable state laws and all administrative regulations necessary under applicable state laws to protect, develop, and maintain the health, personal dignity, integrity, and sufficiency of the individual citizens of the Commonwealth and necessary to operate the programs and fulfill the responsibilities vested in the cabinet. The secretary shall promulgate, administer, and enforce those administrative regulations necessary to implement programs mandated by federal law, or to qualify for the receipt of federal funds and necessary to cooperate with other state and federal agencies for the proper administration of the cabinet and its programs."

3. Minimum or uniform standards contained in the federal mandate. 42 C.F.R. 435.906 mandates that a Medicaid program must "afford an individual wishing to do so the opportunity to apply for Medicaid without delay."

42 C.F.R. 435.908 requires a Medicaid program to "allow an individual or individuals of the applicant's choice to accompany, assist, and represent the applicant in the application process or a redetermination of eligibility."

42 U.S.C. 1396w-3 requires a Medicaid program to enable individuals who are eligible to apply for Medicaid or a health insurance premium subsidy through a health benefit exchange to be able to apply through the Internet.

Section 1413 of the Affordable Care Act and a bulletin issued by the Center for Medicaid and CHIP Services (CMCS) within the Centers for Medicare and Medicaid Services (CMS), dated April 30, 2013 regarding the application process for individuals applying for health insurance through the Health Insurance Marketplace or Affordable Insurance Exchange (labeled the Health Benefit Exchange in Kentucky) references mandate that individuals must be able to file an application online, by mail, over the telephone or in person. Only Medicaid individuals whose Medicaid eligibility income

standard is a modified gross adjusted income can ultimately complete the application process in any of these ways.

42 U.S.C. 1396w-3(b)(3) addresses this requirement as follows:

“The State Medicaid agency and State CHIP agency shall participate in and comply with the requirements for the system established under section 1413 of the Patient Protection and Affordable Care Act (relating to streamlined procedures for enrollment through an Exchange, Medicaid, and CHIP).”

4242 U.S.C. 1396a(a)(10)(A)(i)(IX) creates the new eligibility group comprised of former foster care individuals and bars the application of certain existing Medicaid eligibility requirements to this population.

4. Will this administrative regulation impose stricter requirements, or additional or different responsibilities or requirements, than those required by the federal mandate? This amendment does not impose stricter, than federal, requirements.
5. Justification for the imposition of the stricter standard, or additional or different responsibilities or requirements. This amendment does not impose stricter, than federal, requirements.
